

AN INTIMATE EXPLORATION OF ALASKA'S INSIDE PASSAGE

MIDNIGHT SUN YACHT

Drink in stunning views of America's Last Frontier from the deck of a private, 70-foot custom Westport motor yacht. Captain Bob Wostmann leads a four-member crew that offers personal attention and expert insight for up to six passengers. Whether guests prefer to view local wildlife or explore isolated creeks and coves, the experienced staff of the *Midnight Sun* will help craft the ultimate bespoke Alaskan adventure. While at sea, an executive gourmet chef prepares scrumptious meals, often incorporating fresh catch and regional delicacies. At the end of each day, guests can retreat to the quiet comfort of their staterooms or spend time in the yacht's main salon and pilothouse.
