THE FUTURE OF  
GIVING BEGINS  
WITH  
YOU

## invest in innovation

The Natan Fund invests in visionary initiatives that are developing new approaches to critical issues facing the Jewish people and the State of Israel.

Natan members drive the Fund's allocations process by pooling their charitable resources, setting the foundation's agenda and selecting the organizations that Natan supports with its grants.

You can be part of the process this year and tell us where *you* want *your* contributions to go! Learn more about Natan's grant areas, then allocate your tokens across any or all of them.
